Invictus

Out of the night that covers me, Black as the pit from pole to pole, I thank whatever gods may be For my unconquerable soul.

In the fell clutch of circumstance I have not winced nor cried aloud. Under the bludgeonings of chance My head is bloody, but unbowed.

Beyond this place of wrath and tears Looms but the Horror of the shade, And yet the menace of the years Finds and shall find me unafraid.

It matters not how strait the gate, How charged with punishments the scroll, I am the master of my fate, I am the captain of my soul.

By William E. Henley

Vision & Mission

Vision: United States International University - Africa will be a premier institution of academic excellence with a global perspective.

Mission: To promote the discovery and application of knowledge, the acquisition of skills, and the development of intellect and character in a manner that prepares students to contribute effectively and ethically as citizens of a changing and increasingly technological world.

Accreditation

In 1970, the United States International University established its Africa campus in Nairobi following the signing of an agreement with the Government of Kenya in 1969.

In 1981, the Africa campus received accreditation as part of the overall accreditation of the USIU multicampus system, from the WASC Senior Colleges and Universities Commission (WSCUC) – the body recognized and authorized by the U.S. Department of Education to accredit universities and senior colleges in the western region of United States.

In 1999, following legal reforms to the higher education sub-sector, USIU-Africa became the second university to receive a formal charter from then President H.E. Dr. Daniel T. Arap Moi.

In 2001, the Africa campus separated from the rest of the USIU campuses, then sought and subsequently received independent accreditation from WSCUC as USIU-Africa in 2005. Kenyan accreditation was granted to the University by the Commission for University Education (CUE) in 1999.

The dual accreditation gives USIU-Africa graduates worldwide recognition and enhances their opportunities to secure employment, admission and scholarships for further studies anywhere their ambition takes them.

Academic Programs & Faculty

USIU-Africa hosts over 60 different nationalities and offers 35 Undergraduate, Graduate and Doctoral programs through its Chandaria School of Business, School of Communication, Cinematic & Creative Arts, School of Humanities and Social Sciences, School of Pharmacy & Health Sciences and School of Science & Technology and is the first university in the region to offer an Online MBA degree program.

The Graduate degrees offered include: Master of Science in Information Security, Master of Arts in Marriage and Family Therapy, Master of Arts in Counseling Psychology, Master of Arts in International Relations, Master of Arts in Clinical Psychology, Master of Business Administration (MBA), Master of Science in Information Systems and Technology, Master of Arts in Communication Studies, Master of Science in Management & Organizational Development, and the MBA (Global Health Management) and the MBA (Health Leadership & Management).

The Doctoral programs include a Doctor of Philosophy in International Relations, Doctor of Business Administration (DBA), Doctor of Psychology (PsyD), Clinical Psychology and a PhD in Information Systems and Technology.

The university has an illustrious 52-year history of high quality, student-focused teaching and learning that has ensured each student acquires an international education in a multi-cultural campus with global exposure that distinguishes them in the marketplace.
