### **BACHELOR OF GLOBAL LEADERSHIP & GOVERNANCE**

The Bachelor of Global Leadership and Governance program contributes to standards of competence in business and organization leadership knowledge and skills needed in Kenya, the African region, and the globe as a whole.

The program will place emphasis on practical tools that are used in management and leadership to achieve better results for firms in both private and public sectors. The program will also provide students with opportunities for linkages with industry and professional bodies, including a global tour experience.

The ultimate goal of the program is to equip students with the appropriate knowledge, skills and attitudes to respond to market demands.

### PROGRAM LEARNING OUTCOMES

Upon successful completion of the course, the learner will be able to:

- Formulate, implement and evaluate institutional policies, leadership, and governance structures;
- 2. Employ financial management principles in decision making;
- 3. Develop business and social entrepreneurship systems;
- Apply theories in public and private sector administration and relate these to contemporary global leadership trends;
- Generate solutions for global leadership and governance challenges facing institutions;
- Utilize ethical and legal principles with regard to service delivery.
